

TourPro

Titan 400i RGBW IP65

Titan is built to withstand the harshest touring environments. The new-concept heat-dissipation system, based on metal wings, allows “full-ON” continuous operation, making this unit perfect as an amazing blinder and a brilliant wash.

Colour Spectrum: RGBW
Number of LEDs: 44
LED type: 12w
Dispersion: 35°
DMX Input/Output: DMX 5-Pin
DMX Mode: 1/3/4/5/10/14/15-channel modes

User Adjusted Flash Rate 0-30 Flashes
PerSecond
Operating Mode: DMX Mode
Dimmer: 16Bit

Display: LCD display
Operating voltage: 110 V AC - 240V AC / 50 –
60 Hz
Power consumption: 260w
Power connector: PowerCon In/Out
Housing material: Die Cast Aluminium

Width: 500mm
Height: 520mm
Depth: 280mm
Weight: 8kg
