TourPro ZB7X-IP BeamWash

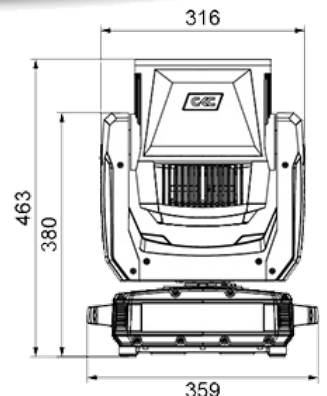

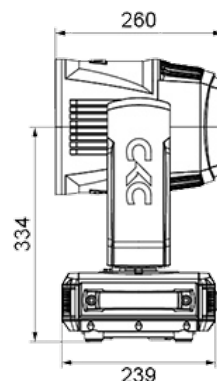

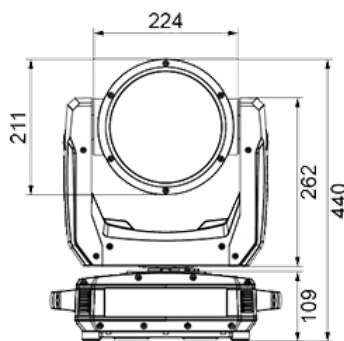

TourPro Lighting presents the ZB7X-IP BeamWash. A versatile and compact IP rated moving head that projects a punchy beam and wash output, with added pixel control and fast speed. Weighing 15.6kg, the unit features dynamic optical system with seven, 60W RGBW LEDs and an expansive zoom range of 3.5° to 52° that allows for it to project tight, solid beam effects at its most narrow and transforms the light source into a nice even wash with excellent colour blending as it expands. The unit's small size also allows for a super-fast and smooth pan and tilt movement.

Product Code: TP-ZB7XIP
Colour spectrum: RGBW
LED type: 7 x 60w Osram LED
Dispersion: 3.5° - 52° Motorised Zoom
Colour Temperature: 2400K - 10000K
Colour Rendering Index: 88 CRI
Segments: Individual Pixel Control
Built in Virtual Colour Wheel:
Pan and Tilt: 540°/270°
DMX input/output: 5 Pin XLR, RDM
DMX Channels: 17/45/71 CH
Quick electronic strobe 1 ~ 25 Hz

Display: LCD Display
Operating Voltage: AC 100V - 240V 50/60 Hz
Power Consumption: 470W
Power Connector: TrueCon In/out
Housing Material: Die Cast Aluminium

Width: 359mm
Height: 463mm
Depth: 239mm
Weight: 15.6kg
IP: 65
